

# Dalkeith Tennis Club Court Hire

## DTC now uses the Tennis Australia online system.

Dalkeith Tennis Club courts are available for our membership base as well as the general public, to hire on an hourly basis at competitive rates. The courts are available for both night and day-time tennis however grass courts are only available during day-time hours.

Our club has adopted the "Book A Court" system provided by Tennis Australia using the latest technologies. The court hire system is online and makes it easier for our all court hirers to access 24/7. Bookings can be made using a computer, tablet or smartphone.

### Where to book

For the convenience of an Internet booking go to the following page on our website. There is also a direct button on our home page as well.

<https://www.dalkeithtc.com/court-hire>

The system will have up-to-date court availability at your fingertips.

We encourage you to use the new system but if you have any special requirements bookings can be made by phoning 9386 6906.

*We even have online chat support to walk you through the system should you require.*

### Making Bookings

To book a court, go to: [Book-A-Court](#) using your browser on your computer, tablet or smartphone. Then follow the screen prompts to select a booking date, timeslot and available court.

The system will prompt you sign up and create an account on your very first visit thereafter you are only required to login and book away! The booking is confirmed with your payment via credit card.

The system will then respond with a confirmation message and also send you an email with your booking details and general details to access your court. You can also nominate to receive a booking reminder by SMS..... It's as simple as that.

### Members book for free

As a paid member of Dalkeith Tennis Club, you will proceed through the booking system until the payment stage. At this point the system will be aware of your membership, allocated "no charge" and skip the payment stage. You will then receive the confirmations as normal.

### Keys

A key is required to access the tennis courts and another to turn on the lights. Our committee and coaching staff are ordinarily on duty at the club while bookings are taken and can assist with access and other general queries to ensure your booking runs as smoothly as possible.

### Payments

Online booking of your court will ensure the court is allocated for your use and bookings online are the preferred method of bookings. Should you arrive at the club without a booking and there is a spare court to use, you may still hire the court by approaching the Coach on Duty and submitting your payment using the COURT HIRE envelopes provided at the clubhouse.

# Club Court Hire

## Cancellations or changes

Please cancel your booking if it is not required to ensure other hirers have the opportunity to use the courts. Cancellations within 48 hours of your booking should be made by calling or texting a message to 043 8866 222.

## Court Hire Fees

Public rates: Hard / Har Tru Clay courts

- Day - \$20 per hour,
- Night from 6.00pm - \$30 per hour

Grass courts: Day only - \$20 per hour (*when available*)

Full members' rates: Hard/synthetic courts

- Day free,
- Nights from 6.00pm \$10 per hour

Grass courts:

- Day only - free (*when available*)

## Club members and court hire

Club and community members with bookings have first preference to use their courts. It is vital that club members book courts for afternoon and night play to avoid disappointment.
